

We are a busy sports medicine and family practice clinic in Washington Park, currently looking for an experienced full-time Chiropractor. A well-suited candidate for this position must be confident, a team player, have excellent diagnostic and adjusting skills as well as have additional education and/or credentials in sports medicine. Our new associate must be outgoing, self-directed, adaptable and passionate about chiropractic. We are looking for a doctor with at least 2-3 years of experience. Our culture is an evidence-based and integrative practice and use techniques including adjustments, Graston/instrument, manual therapy, tape, spinal decompression, infrared laser. Our specialties include sports medicine, prenatal and pediatric care. We also offer acupuncture, massage and nutrition. Most of our practitioners have been with our practice for several years. We highly value loyalty and retention and thus the compensation structure includes a retention bonus.

## Essential Job Functions:

- Obtain, record and maintain patients' medical histories
- Determine when to order imaging to aid with diagnosis and to rule out fractures or diseases as sources of problems
- Advise patients about recommended courses of treatment and execute treatment plans
- Perform expert treatment including manual adjustments to the spine or other articulations of the body to treat the musculoskeletal system.
- Perform other expert treatment which may include but are not limited to instrument assisted soft tissue mobilization, manual therapy, myofascial release, trigger point therapy, FAKTR Counsel patients about nutrition, exercise, sleeping habits, stress management, or other matters.
- Complete treatment notes and other necessary paperwork in the SOAP format
- Community outreach that may include networking, marketing, teaching, writing articles, blogs and social media posts
- Work collaboratively with front desk and other practitioners in the best interest of the patient
- Grand rounds meetings with senior staff

## Minimum Requirements:

Doctor of Chiropractic License for Colorado in good standing or ability to obtain license in Colorado

Additional credential or training in sports medicine

Able to work Saturdays

Able to use office equipment; EHR, computer and phone system

Maintain the cleanliness of the clinic and organization of workspace

Dedication to high quality service

Maintain a professional appearance and appropriate attire

Enthusiastic approach to customer service

## Compensation Package:

- Performance-based salary
- Retention bonus
- Liability Insurance
- CE Reimbursement
